Subject: Summary of well completion data from Cabot

Here is the compilation of the reports regarding completion status of the Cabot wells in the site area. There may be some outside of the side boundary. Still checking on that but here is what I have pieced together so far.

In addition here is the link to the API (American Petroleum Institute) fracking link from Steve Platt

<http://www.api.org/policy/exploration/hydraulicfracturing/>

The video is the second in the list of links
